Smell Like Dirt

By Abbey Khan

Whether you're giving to yourself or a friend, make a statement with **Dirt Candles**. Made from pure soy wax and natural essential oils, each candle emits a delightful scent and lasts 40-60 hours.

You'll always have something to say with their twenty different aromas. **Bah Humbug** is perfect for the holidays for the Scrooges in the world and what mom can resist **Mother Love**. For all those Casanovas out there, **Love Machine** says it loud and clear, and nothing keeps you more relaxed than a **Day at the Beach**.

Dirt Candles not only lift your spirits, but they give back to so many. They donate a portion of the profits from every candle to charities chosen by their employees and customers. So go ahead and do something good for the world by purchasing your candle today.

Dirt Candles is available online at www.dirtcandles.com and at the following locations:
